

LIGHTBEAT

From the creators of Rhythm Extreme, Light Force, L.E.D. – (Lights, Energy, Drums) and Extreme Beam, LIGHTBEAT is the perfect group for a session opener or closer, people movers or simply fun interaction.

Our drummers perform on LED drums that have programmable colors, adding a visual dimension to the usual drumline or bucket boys

They can also add audience interaction with drumsticks to the experience.

Available in configurations to fit any event.
